

# Verse Mapping

Hello!

Welcome to the wonderful world of verse mapping! It is a Bible study method helping you to better understand a verse by breaking it apart. There is no right or wrong and you can work out a method that suits you, but I will share some steps to guide you in the right direction. Feel free to use the printout or draw your own in your journal.

**Read** Take your time when reading the Bible. Read a passage slowly and choose a verse which stands out for you and right it in the verse block. (Consider reading different translations as they may word a verse differently, or use different words and phrases)

**Map** These keys are helpful to follow a consistent pattern and will help you to easier look for certain things within a verse.

- HIGHLIGHT what stands out
- BOX CONTEXT
- CIRCLE words to define
- WAVY UNDERLINE cross referencing
- BRACKET commentary Notes

**Summarize** In short, write down what you've learned about the verse. Also note any other thoughts you have.

**Apply** How can what you learned become more than knowledge?

- Is there something I can start doing?
- Is there something I can stop doing?
- What can I pray about in this verse?
- How can I talk to others about this verse?
- What should I meditate on today?

**Pray** Talk to God about what you learned and ask the Holy Spirit to liven the verse in your life and to apply it.

Love,  
Pastor Iriza
